

Rivermark Owners

WARNING

You may have read this month's Rivermark Association newsletter which discussed **the dangers of lock bumping**. This is a method thieves are using to effortlessly gain access to your home by using a very simple homemade key and mallet. With this easy-to-learn technique, **anyone can break into most standard residential locks within seconds**.

IS MY FAMILY SAFE?

IMPORTANT: Unless you have installed a high security, unbumpable lock yourself, **the locks that came with your Rivermark home are NOT "bump-proof"**.

WHAT CAN I DO?

To protect your family from this serious threat, you should consider upgrading your home's locks right away. Schlage makes a high security lock called Primus, which is unbumpable and virtually unpickable.

IS IT EXPENSIVE?

Schlage Primus locks come with many **security features** built in which make them more expensive than the standard locks on your house. But, can you put a price on your family's safety? How about that of your belongings? You may be **surprised to find out** that the average price range for upgrading one of your locks to Primus is **only** between \$150-\$250.

WHO SHOULD I CALL?

Pop-A-Lock is the largest, most trusted locksmith company in the nation. Our highly trained, professional locksmiths are available **7 days a week** and can usually come out on the very same day. For the best service **at the best price**, call us today.
